DVEO Announces being named by Streaming Media Magazine as one of the Top 50 companies in the online video industry

San Diego, California -- DVEO®, a leading TV/OTT equipment supplier, is pleased to announce that they were named as one of the top 50 companies in the online video industry by Streaming Media Magazine for 2020. DVEO admires Streaming Media Magazine for the platform that they provide to keep the streaming industry alive and current.

DVEO is honored to be recognized as one of the top 50 companies in the online video industry. "We are excited that Streaming Media Magazine has included us in this outstanding list of companies and we are grateful to receive this recognition for 2020. Streaming Media Magazine is the #1 voice of the Streaming Video Industry and it provides a lot of credibility," stated Laszlo Zoltan, CEO, DVEO.

DVEO has a long longevity in the industry since it was pioneered in the early 1980's in Silicon Valley. This company has been able to adapt with the ever- changing technological advancements and have the fortitude to make those changes. Another factor that sets DVEO apart is the fact that its able to be continuously forward thinking and stay in front of the pack. Even though they are a small company they are a strong company who has excellent support

and customer service. They put the needs of their customers first to provide the best quality of service and products. Recently DVEO has been working to make the majority of their products available on the Cloud to provide more flexibility and reliability for their customers. "We are moving away from applications that run on a proprietary version of Linux and moving toward applications that work on standard Linux OS," stated Laszlo Zoltan, CEO, DVEO. Since implementing these new advancements DVEO has become a bigger player in the streaming arena.

About DVEO®

DVEO is a well established, privately held entity headquartered in San Diego, California, since 2001. DVEO develops and sells broadcast quality video encoding and streaming products, media servers and ad insertion solutions to leading Telco TV/OTT and cable operators around the world. The DVEO solutions enable multi-screen service delivery to any device, anytime, anywhere in the world. Deployment models include turnkey installations and cloud-based service delivery. All solutions are built on Linux OS and Intel Xeon-based platforms to ensure 24x7 reliability, and feature DVEO-developed software for maximum flexibility and upgradability, ensuring long term investment protection. These ultra-reliable products are matched by valuable pre-sales consultancy, outstanding post-sales service and support, and -- not least -- unusual affordability.
