NAB Booth SU4908

DVEO to Showcase Super-Compact, Rugged HD H.264 Recorder with Removable Storage at NAB 2009

VideoTank HD™ Recorder is Ideal for Mobile Applications

San Diego, CA -- DVEO, the broadcast division of San Diego based Computer Modules, Inc. (CMI), will introduce their new super-compact H.264 video recorder and storage device to the broadcast community at the NAB (National Association of Broadcasters) Show in Las Vegas, April 20-23, at Booth SU4908.

VideoTank HD is a rugged, high definition H.264 recorder with removable storage via industry standard compact flash cards. VideoTank HD supports up to 32 GB cards, which enables it to record up to two hours of 1080i content in a unit that is only 3.3 x 3.3 x 1.6 inches. It features full control via an LCD panel and on-board push buttons.

**Rugged HD Recorder --
VideoTank HD**

The system is designed for encoding, decoding, and rugged mobile applications – such as military use and remote data gathering – where small HD cameras are deployed. VideoTank HD excels in being robust against power loss and corrupt files.

“Our very innovative new recorder will begin shipping in the third quarter of 2009,” stated Laszlo Zoltan, Sales Manager for DVEO. “VideoTank HD is especially useful for applications where cameras and recorders will be placed in small spaces, and it is strong enough to be used on fast-moving equipment. We are recommending it to our broadcast, content provider, and military customers.”

Suggested Retail Price:

VideoTank HD – \$8,995 U.S.
